What is B23?

B23 stands for birth to three years old. This is a Sunday morning group that meets once a month for parents and their children who are not yet in Sunday School.

The class begins with a short lesson for the children and then, as the children transition into playing in the nursery, the parents have small group discussion. Some discussions have included: what we model to our children, storms in our lives, being near Jesus, thankfulness, grace, involving children in worship, Christmas, and much more.

B23 is a great way for children to feel comfortable in a Sunday School setting, which helps with the transition into Sunday School as a pre-schooler.

We meet from 9:10 a.m.—9:50 a.m. in the nursery on the third Sunday of the month. Mark your calendars! All are welcome! January 16, February 20, March 20, and May 15.

Sunday School Offering

For the rest of the school year, the Sunday School children will be collecting offerings to donate to Heifer International.

Heifer International works to give animals to families living in poverty around the world. Heifer does this because livestock has a really important role to play in ending global hunger and poverty. By giving animals to families, Heifer helps provide nutritious food, generate income, help women thrive, give renewable energy, and help against climate change!

Our goal is to see what animal or animals we are able to give!

Here is a list of animals and what they cost:

Flock of chicks (\$20), Ducks (\$20), Honeybees (\$30), Goat (\$120), Pig (\$120), Sheep (\$120), Alpaca (\$150), Water Buffalo (\$250), and Heifer (\$500).
