

In November, our focus turns to the basic need for food. This is the month that we hold an annual Hunger Appeal.

We set a minimum goal of raising \$5,000 for both global and local hunger needs. In these challenging times we pray that we will join together and go far beyond our basic goal.

Following our past practices, we will direct 55% of what is raised to international mission partners and 45% to our local needs addressed through Common Cup Ministries. We are very confident that the international partnerships we work with will continue to steward wisely all that we give to meeting this basic need of feeding God's hungry children of all ages.

Gifts can be given any time in November using the Hunger Appeal envelope in your envelope packet, through your Thanksgiving offerings, or by designating any gift this month for "Hunger Appeal".
